JOIN US IN VAIL!

Dear Colleague,

Make plans to join us for the 11th Annual Winter Hip & Knee Course, the premier Winter meeting focused on hip and knee arthroplasty, taking place January 17-20, 2019, at the Vail Marriott Mountain Hotel in Vail, Colorado.

During this four-day meeting, our esteemed faculty will provide insightful commentary on a variety of topics in primary and revision total hip and total knee replacement, as well as critical issues in practice management, through case-based panel discussions, didactic presentations, and video vignettes. There will be a strong emphasis on sharing the lessons learned from years of surgical experience in sessions such as:

- Recipes from My TKA Cookbook
- Why My TKA Failed
- TKA Bag of Tricks: Learning from the Masters
- The Scary Hip: How to Handle the Difficult Primary THA
- Revision THA: A Case Review

Our faculty will also take a close look at the evidence behind some of the latest technology intended to help improve patient outcomes, explore the role of enhanced recovery protocols in outpatient and short-stay arthroplasty, and address the management of complications leading to revision procedures.

We introduced sessions geared toward the physician assistant's role in hip and knee replacement at the 2018 meeting, and they were so popular that we're including them again this year. Some of the topics for physician assistants will include:

- Patient optimization
- Wound closure
- DVT prophylaxis

We look forward to seeing you in Vail! Register now to secure your place at this always-popular meeting!

Raymond H. Kim, MD
Course Co-Chair

Mark W. Pagnano, MD

PA SESSIONS

SESSIONS FOR PHYSICIAN ASSISTANTS!

DEDICATED SESSIONS

Join us in Vail for sessions designed for physician assistants, with lectures and workshops that provide in-depth knowledge and updates on a broad range of orthopaedic topics. The PA sessions will offer opportunities to network with colleagues, gain new insights into the latest orthopaedic trends, and hands-on training in a dedicated PA Bioskills Lab.

- Perioperative management of the joint replacement patient — overview
- Live templating for a total hip replacement — How the experts perform it
- The economics of being a Physician Assistant
- Case-based interactive discussions
- Bioskills Lab: Perform the procedure (THA and TKA)

Learn the procedures, step-by-step, and perform multiple approaches, positioning, incision, retractor placement, releases, intra-operative c-arm imaging and interpretation, peri-articular injections, wound closure, and more.

“LOVED THE PA BREAKOUT SESSIONS.
THEY SHOULD BE INCORPORATED INTO EVERY MEETING.
VERY HELPFUL AND RELEVANT!”

11TH ANNUAL

WINTER HIP & KNEE COURSE

VAIL MARRIOTT | VAIL, CO | JANUARY 17 – 20, 2019

ACCREDITATION

LEARNING OBJECTIVES

- Compare and evaluate implant choices for the total knee arthroplasty (TKA) patient based on patient type, design qualities, and reported patient outcomes
- Assess and evaluate different implant fixation choices for TKA
- Discuss and compare different TKA surgical techniques
- Consider expert assessment of current TKA strategies
- Evaluate patient selection criteria for knee revision surgery
- Understand and compare revision surgical techniques and failure mechanisms
- Identify patients who could benefit from hip resurfacing
- Consider expert assessment of bearing surfaces and related controversies
- Compare the surgical options for the difficult total hip arthroplasty (THA)
- Assess and evaluate perioperative issues and potential complications associated with the THA
- Evaluate the painful failed THA
- Identify different THA surgical techniques
- Identify the options for blood VTE risk management in the orthopaedic patient
- Evaluate and compare the various options for wound closure and infection management
- Review and discuss current options for pain management and other supportive care strategies
- Identify and manage common hip- and knee-related call problems after hours

ACCREDITATION STATEMENT

fore
FOUNDATION for ORTHOPAEDIC
RESEARCH and EDUCATION

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the

Foundation for Orthopaedic Research & Education (FORE) and the International Congress for Joint Reconstruction (ICJR). FORE is accredited by the ACCME to provide continuing medical education for physicians. FORE designates this live activity for a maximum of 21.5 hours AMA PRA Category 1 Credit(s)TM. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
